ISSUE 04
April 2008

Congratulations on Fifty

This year Bob Jones Celebrates his 50th year in the auto parts business. It all began on March 18, 1958 with Battery

APC Fleet outside the London Central APC Store, one of 34 APC Auto Parts Centres.

Supply on Horton Street in London. Battery Supply was followed by Silverline Motor Products in 1965 and CANUSA Automotive Warehousing in 1981. Bob Jones has developed a solid record of success & customer loyalty. We would like to congratulate Bob on this milestone.

Bob Jones' Battery Supply shop in 1958. The Delivery truck is parked alongside. The current warehouse now covers over 80,000 square feet of floor space.

Jim Valsamos of Uni-Select presents Bob Jones with a plaque in recognition of his accomplishment.

New Corporate Store

In order to facilitate delivery to the east of London and surrounding area we will be opening a new corporate store operating out of the Dorchester Warehouse. The store will be managed by Tina Robbins and will cover the area east of Crumlin Road to Thorndale and include Dorchester, Belmont, Ingersoll, and Thamesford. The order desk phone number for this store is (519) 268-8250.

Heavy Metal - Loaded Catalysts

The 99000 Series converters from MagnaFlow is completely redesigned and engineered to meet the tougher emissions control and durability requirements of OBDII vehicles. The 99000 Series converters contain a significantly larger catalyst volume and greater concentrations of precious metals. CANUSA/CDC is now stocking 50 new 99000 Series numbers.

A/C Marketing Program

The warm weather is on the way and The Cooling Depot has created “The Ice Box” marketing program promoting an air conditioning checklist and P.O.P. material. The base kit included 300 personalized direct mailers, 1 wall poster, 1 rounded wall poster, a 3-sided counter stand, 1 counter mat and 100 18-Point A/C inspection sheets. This program can be expanded to suit your needs contact your local sales rep for more info.

New Part Numbers Added
