APC Incentive Travel Program

February 22nd to 28th, 2009

The Ultimate Seaside Fiesta!

Just Announced!

We are pleased to announce the *Moon Palace Golf & Spa Resort* as the location of the 2009 APC Incentive Travel Program. The spectacular Resort is located in Cancún's tranquil south shore. Nestled between 123 acres of tropical foliage and a secluded white sand beach stretching nearly 2000 feet, perfect for non-motorized water sports, this resort offers 2,103 luxurious rooms with either ocean or garden views.

The *Moon Palace Spa & Golf Club* is home to the only Jack Nicklaus Signature golf course in Cancún and is set on the rolling Cancún - Riviera Maya landscape. Its dynamic layout requires golfers to navigate through native vegetation as well as numerous wetlands and strategically placed bunkers. Each of the three-nine hole courses offers a distinctive environment that challenges professionals and amateurs as well.

For more information on the APC Incentive Travel Program and how to earn your way to *The Ultimate Seaside Fiesta* contact your local sales representative.

Now Stocking 14V Series Brake Rotors.

New Associate Store

We are pleased to announce our newest APC Associate store **McNaughton's** located in Newbury, Ontario. McNaughton's has been in business since 1948 growing throughout the years to the area's largest shopping centre. The McNaughton Family Shopping Centre are community leaders in Newbury with products and services including the LCBO, The Beer Store, Home Hardware (Building Supplies, Expressions, and Rentals), M&M Meats and the "core of the business" auto parts and appliances. We welcome McNaughton's to the APC family.

CANUSA/CDC announces 74 New ACDelco Rotors

ACDelco Rotor Features:

- High carbon, grey iron composition for low noise propensity and resistance to cracking and fade.
- Optimized rotor design for reduced rotor coning under high temperature.
- Advanced ventilation for optimal cooling and resistance to thermal judder.
- Precise machining tolerances for low brake shudder, low disc thickness variation and low levels of lateral runout.
- D3EA® Certified
- White Box with ACDelco Logo
- 425 Additional SKU's to be introduced in late March
- Designed to provide you with a high level of performance.

New NDR Rotors

As we continue to provide the best selection of parts at the best price for our customers, CANUSA/CDC has added over 36 rotors to our NDR line.

Dorman Products has increased its product selection in over 35 product categories including window lift motors, door lock actuators, harmonic balancers, intake manifold kits, control arms, and repair kits. For a complete list and more information on stocking items from our warehouses, please contact your local sales representative.

Returns Department

We would like to congratulate Bob Johnson on his new position as *Head of the Returns Department* at the Dorchester Warehouse. Please forward all customer returns to Bob's attention. Bob Johnson can be reached at CANUSA on extension 318 or by e-mail bobjohnson@canusa-cdc.com.
