Toronto ACDelco Dealer

We are pleased to announce that CDC, our Toronto Distribution Centre, now carries the complete line of Premium ACDelco Parts. In conjunction with our own inventory, we now have access to over 1,000,000 square feet of available ACDelco products on an overnight basis to the GTA. Customers requiring assistance on ACDelco parts look-up can contact our ACDelco Parts Specialist toll free at 1-800-834-1836. These Parts Specialists have unique GM Parts look-up software including VIN code identification, vehicle schematics and OEM interchanges that assist in difficult GM application part look-ups. Installer customers are encouraged to become TSS (Total Service and Support) members. Membership offers internet based training with “ACDelco - On Demand” as well as hands on training. The TSS program offers many additional benefits and is one of the fastest growing installer based programs in Canada. Call your sales representative today for more details.

CDC Distribution Centres, Toronto

APC 300

The APC 300 was held on the Labour Day weekend. This year's race was a great success. We would like to express our appreciation to the sponsors and organizers who helped at the event and everyone who came out to support “The Great Canadian Race Weekend” at Delaware Speedway.

Customer Connect

The third phase of Customer Connect has been installed.

1. Users can select to search by Category, Product Line, Product Description (partial search)
2. Users can select to search by Category, Product Line, Product Number (match the search string from the first character of the product number)
3. Superseded To & Alternate Items will show on the same page as the selected product
4. Product Number Search: usability enhancements in the product search feature have been made
